

Feeding the world

<https://export.sweetberry.cl>

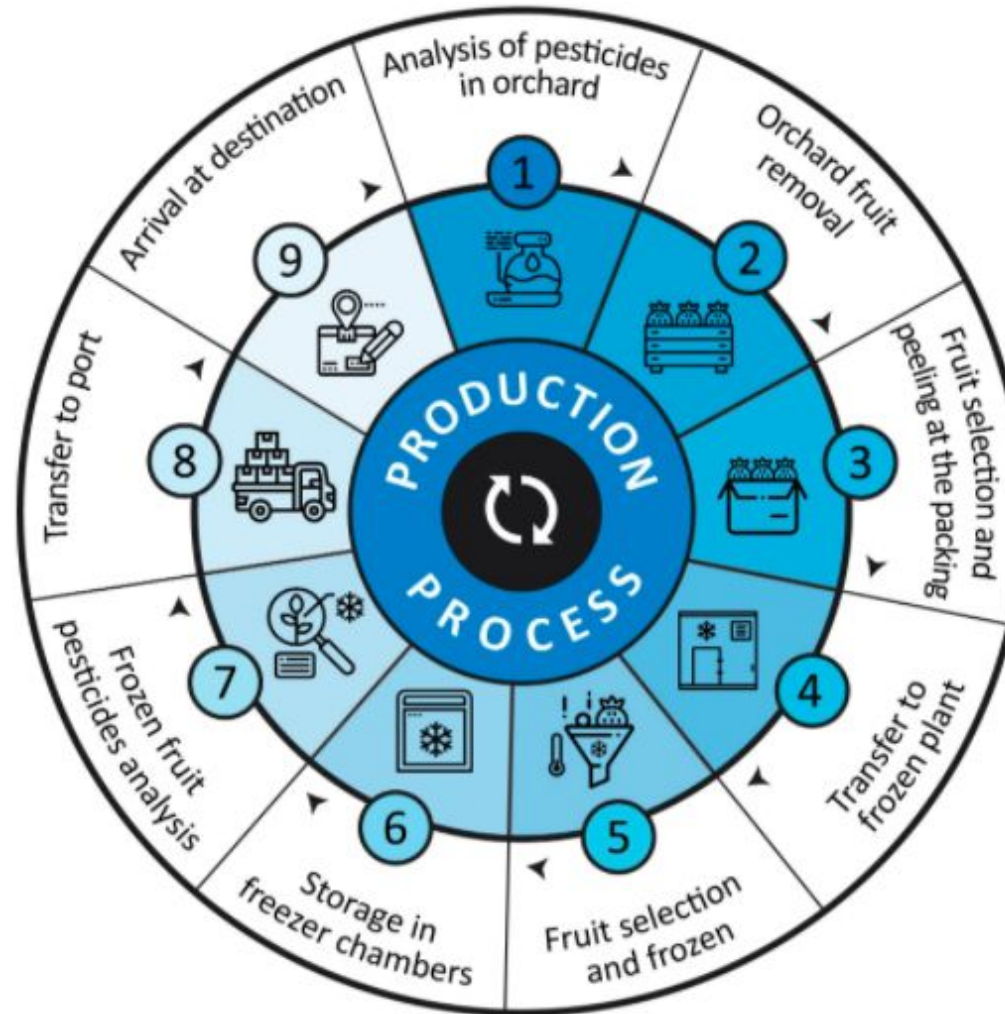

SweetBerry Export

We are part of a Chilean holding of companies, made up of a network of berry producers from 2 sectors in Chile (San Pedro Melipilla and Santo Domingo, Valparaíso and a processing and distribution company.

After years of supplying the largest national companies, now we are glad of provide the world with the highest quality strawberry.

We specialize in frozen whole fruit of all calibers, guaranteeing compliance with the requirements of all our global customers.

Our main differentiator is that we are throughout the entire production chain.

Thanks to this, we guarantee the traceability of our products, as well as compliance with phytosanitary regulations.

Food Safety

As a direct consequence of our Production System, we can guarantee food Safety.

We are enabled to track each fruit, from the field to the end customer, which allows us to meet goals and expectations in the most demanding markets.

Volumes and offering

We provide our customers with the highest quality frozen fruit. As part of our way of working, we always try to define long-term programs, putting special focus on the fulfillment of the commitment, both in volumes and dispatch dates.
